

1, Types of mediums ?

- ① Radio Frequency
- ② Electrical Signal
- ③ Light Signal

2, Write down switch 8-pins ?

1 + T

2 - T

3 + R

4 + V

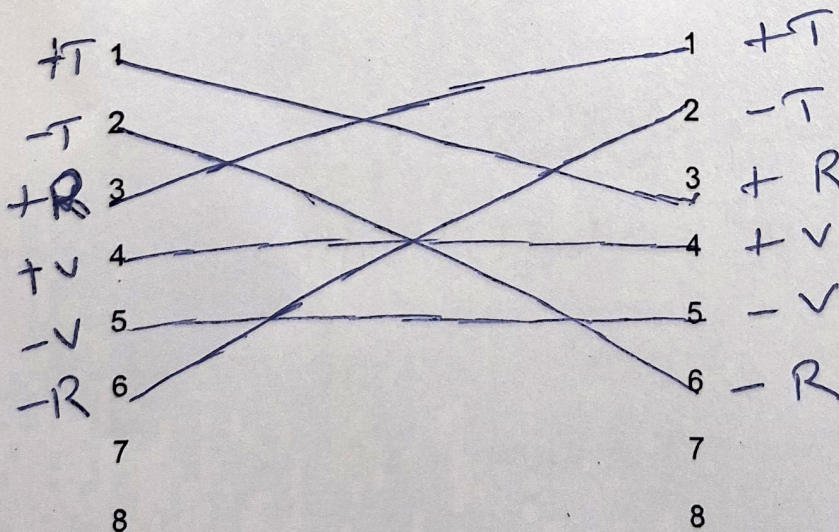

5 - V

6 - R

7

8

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

Auto MDIX is automatically assign Pins which is feature Embedded in NIC Card. With help of this we no need to check Straight & Cross cables to connect.

5, Explain POE injector ?

6, Explain POE switch ?

7, Explain types of nic & function ?

Networks Interface Card

Types

Wired [Radio frequency]  
Wireless [Electrical Signal]

NIC is used to Convert binary to Electrical Signal  
and Electrical Signal to binary.
